- Principles can be elaborated as values, rules, laws.
  - An example: The perseverance of our Pioneer Generation that developed Singapore into the first world country it is today.

# **Total Defence**

Activity:

- Students to apply their learned knowledge and understanding of the six pillars.
- Teachers may define "defame": to damage the reputation of a person or group by saying
  or writing bad things about them that are not true
  Teachers can guide the students to look at the various angles one can come at it.
  Potential angles:
  - Digital Defence: Stand up against deliberate online falsehoods that undermine Singapore's interests.
  - Social Defence: Actively counter comments made out of ignorance and misinformation; Stay united and cohesive in the event of a national emergency.
  - Psychological Defence Stay informed and updated on current affairs concerning Singapore via reliable sources.
- The aim of this activity is to let students see how various pillars come into play in strengthening Singapore so that it can overcome potential challenges, and that everybody has a part to play in keeping Singapore strong.
